PLANNING WEEK MARCH, 23RD – 29TH

I was supposed to be in a research stay in Chile. The classes for this week were previously given, so we are not going to advance in material.

PLANNING WEEK MARCH, 31ST – APRIL, 3RD

The theoretical class was already given, as I was supposed to be in a research stay. The practical classes are going to be maintained as planned:

- April, 16th, 12:30 – 14:30 (computerized classroom C) – Medium group 1
- April, 23rd, 12:30 – 14:30 (computerized classroom C) – Medium group 2

We are going to restart classes on April 13TH. They are going to be held in their usual schedule. In case the quarantine persists, we will use Blackboard Collaborate Ultra (in “Enseñanza Virtual”) to give them.
